Security Solutions

'Putting the crime scene on the criminal'

Body Guard

Based upon our extremely successful range of security products. Every DNA Body Guard personal alarm has a loud siren and a different and unique DNA code combined with an ultra violet identifier spray that clings to an attackers skin and clothing which can provide the police with a positive DNA link to the crime. No two DNA Body Guard's have the same DNA code.

Pocket size, light weight and affordable
Protection at your fingertips

Personal Alarm

Protection for you and your family

Loud Sound Blast to scare off attackers
Sprays a cloud of 'invisible'
Ultra - Violet Identifier combined
with a unique DNA component

Ideal for:

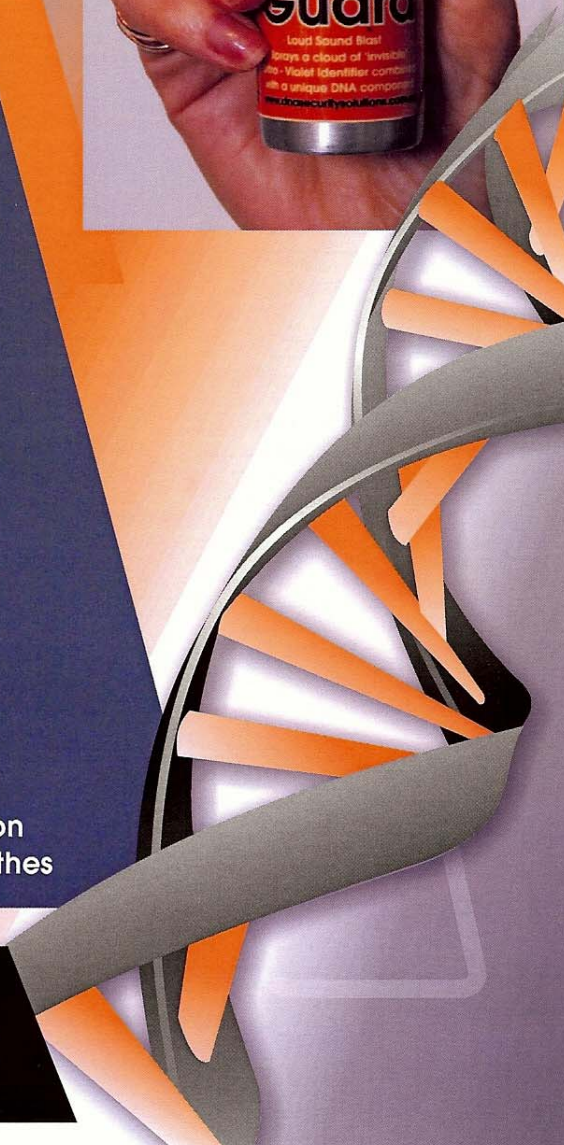

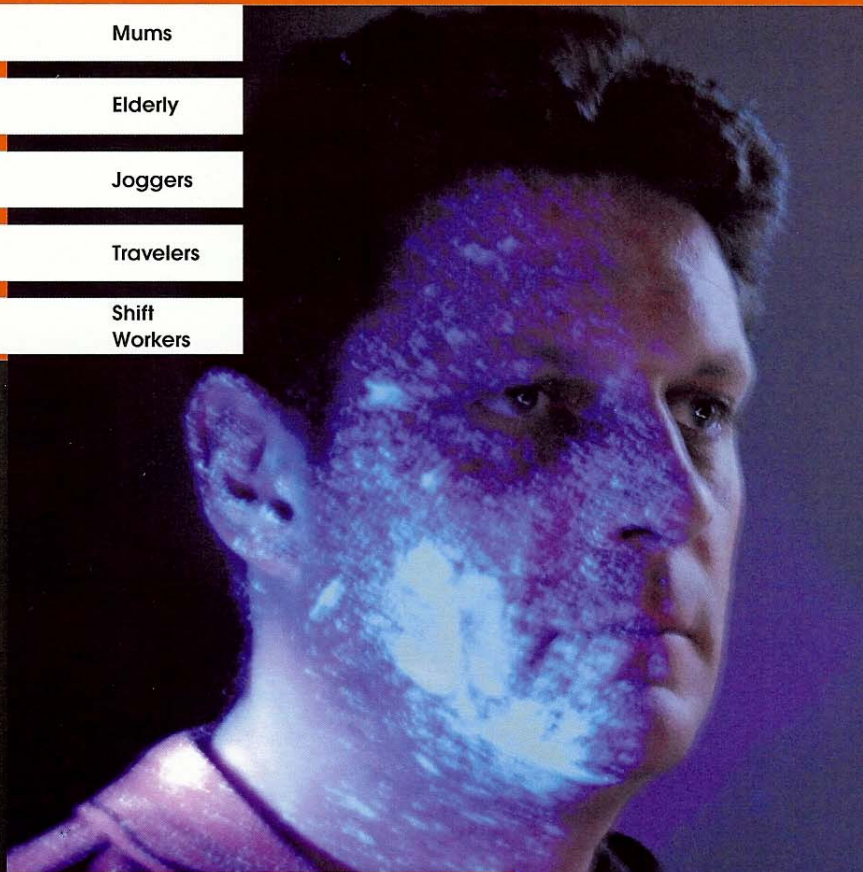

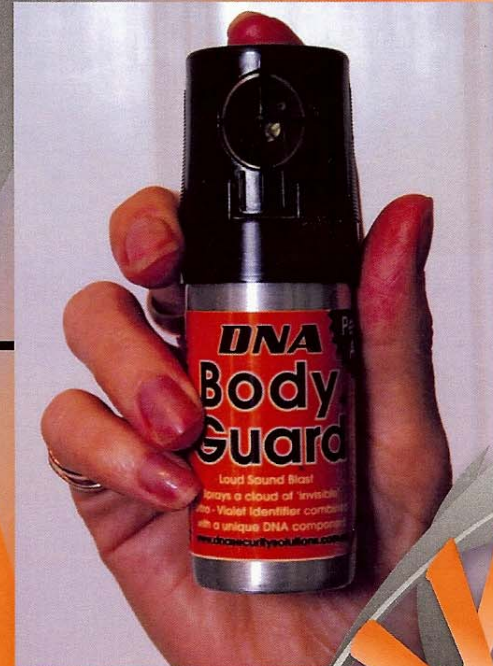

Mums

Elderly

Joggers

Travelers

Shift
Workers

Don't be reactive - be Proactive.
